

NOTICE

ANNUAL REGISTRATION/LICENSING FEES

Requirement to Pay Fees

1. The Financial Services Commission reminds registrants and licensees that the annual registration and license fees are due by **January 31**.

Please be advised that failure to make the required payment by the deadline will result in penalties for late payment. We encourage all entities to submit their online payments in advance to ensure that funds reach the Commission by January 31. Payments received after this date will incur late payment penalties. **Please allow up to three business days for payments to reach the Commission's bank account.**

Failure to remit registration and licence fees may result in suspension or cancellation/revocation of an entity's licence or registration. Fees due and payable have been set by statute, and copies may be downloaded from the Commission's website.

2. **Insurance entities are required to make all fee payments on behalf of Salesmen and Agents authorised to act on their behalf.** Failure to make payments by the deadline may lead to enforcement action, which could include the cancellation of these licences.

Assessments

3. The Commission will issue fee assessment notices. The notice represents an estimate of the fee payable for the period based on the Commission's records and **is not** an invoice for fees. Entities are responsible for verifying that fees remitted to the Commission are accurate and complete.

Fee confirmation form

4. This form captures information related to the payee, including the category of registration(s)/licence, the number and names of persons (legal or natural) on behalf of

whom the payments are being made, and other information related to calculating the fees. The form also allows entities to update basic administrative information such as names, contact information, and address changes for key persons.

5. Entities are strongly encouraged to complete the form and return it to the Commission accompanied by evidence of payment of its annual fee(s), such as a copy of the wire transfer instruction numbers, cheque, transaction number, etc.
6. Failure to submit the completed form and evidence of payment may result in delays in recognising your payment and may lead to the implementation of various measures, including enforcement action.
7. For the specific fee requirements for each sector, refer to the revised Fees Order issued in 2022, available on the Commission’s website at <https://www.fsc.gov.bb/viewPDF/documents/2024-11-12-16-12-25-FSC-Fees-Order.pdf> under the Supervision & Regulation, subtab Annual Registration.
